### Features

NARCISO TWIN HE 2.0 is a mirror with LED lighting. The standard model integrates two striplights around all the perimetral edge both at the front and at the back of the mirror. At the front side is integrated an high linear density striplight. Each mirror incorporates the power supply to be connected to the 220-240V main power and a TouchLed Mirror electronic switch that comes on by touching the signal LED on the mirror.

#### No point effect technology

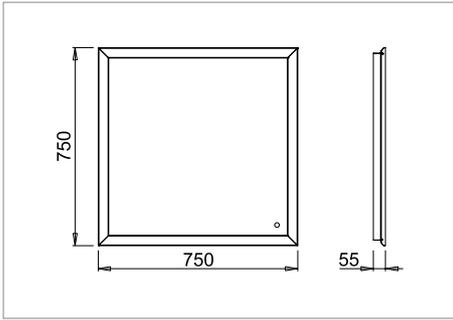

The light projection of the luminaire is homogeneous, diffused and devoid of the dotted effect typical of traditional LED luminaires.

#### IP44 Splash protection

NARCISO TWIN HE 2.0 is a device with IP44 degree protection.

Device with non-replaceable LED module  
Energy efficiency class: A++, A+, A
